

CASTLE HILL TRAINING WORKSHOPS

Learn the latest version MYOB in a single day

INNOVATIVE - INFORMATIVE - PRACTICAL

WHAT ARE TRAINING WORKSHOPS?

Time is precious in small business which is why CATS set out to provide you with a sound working knowledge of MYOB accounting software in just one day. CATS' innovative workshops have been specially developed to offer all the benefits of normal hands-on classroom training, but... without the computer... and without any of the panic and confusion often associated with hands-on tuition. These are big-screen presentations that are guaranteed to allow you to learn more in less time. Entertaining, informative and they really work!

MYOB
Certified Consultant

Doug Mawson, is an MYOB Certified Consultant and is perhaps Australia's most experienced MYOB trainer. Doug is the author of several MYOB reference manuals and has been successfully conducting MYOB workshops throughout Australia for many years. Doug will demonstrate the optimum use of the latest MYOB software and

provide valuable advice and lots of helpful hints.

Everyone receives an easy-to-follow 275 page reference manual that covers everything contained in the workshop and is also packed with time-saving tips and practical advice. Also included is a disk-based tutorial exercise to take away with you plus, of course, a Certificate of Completion.

WHAT OTHERS SAY OF THE WORKSHOPS

"Learnt things I didn't know and I'd been using MYOB for years." - *Blewater Electronics – Port Douglas, QLD*

"Perfect training day, I found it a truly great course." - *Donna Stewart – Central Coast, NSW*

"My initial thoughts were, 'no computers, how unusual', but I gained even more knowledge from this workshop. Excellent." *Sharon Hockey – Newcastle NSW*

WHAT DOES THE WORKSHOP COVER?

As the title of our workshop suggests, and thousands have discovered, we believe you can successfully learn MYOB in a single day.

This comprehensive one-day workshop covers all of the important MYOB concepts. It is equally suitable for beginners needing to learn the basics as well as existing users who want to improve their skills and unlock the full power of MYOB.

Our workshops are always based on the very latest versions of MYOB Accounting & Accounting Plus and MYOB Premier and cover many of the latest features.

Some of the topics covered include:

- The basics of accrual accounting and computerised bookkeeping
- **Setup** - Learn correct setup from scratch with accounts lists, tax codes, opening balances etc
- **Sales** – How to efficiently manage your customers' quotes, orders, invoices, statements plus sales analysis and debtor control
- **Purchases** – See how to correctly handle your suppliers' bills, manage your creditors and pay your bills systematically
- **Money Matters** – Manage bank accounts, credit cards, petty cash, recurring transactions, bank reconciliations, internet banking, merchant fees etc.
- **GST** – Learn how to correctly use tax codes to simplify GST plus setup and use of BASlink to turn completion of the BAS into a 3 minute task
- **Payroll** – Complete setup and operation of MYOB's very latest payroll system with fully automated processing

And remember, everything covered in the workshop is explained in detail in our 275 pages, fully illustrated, easy-to-read, reference manual that is provided to you.
